

MID (54540) and GDID (51330) COURSE STRUCTURES FOR 2026

YEAR 1 MID + GDID		
Semester 1 MID and GDID 6 points each	Semester 2 MID 6 points each	Semester 2 GDID 6 points each
MICR5829 Foundations of Infectious Diseases	MICR5831 Molecular and Cellular Microbiology	
MICR5830 Principles of Mycology and Parasitology	MICR5832 Diagnostic Medical Microbiology	
MICR5842 Principles of Infection and Immunity	MICR5846 Molecular Epidemiology and Microbial Communities	MICR5836 Public and Environmental Health Microbiology
PUBH4403 Epidemiology I	PUBH4401 Biostatistics	
		OR PUBH5761 Epidemiology & Control of Infectious Diseases

YEAR 2 MID		
Research* Semester 1 12 points each	Research* + Coursework Semester 1 12 points each	Coursework Semester 1 6 points each
MICR5843 Extended Research Project Part 1	MICR5838 Research Project Part 1	MICR5815 Science Communication in Infectious Diseases
MICR5844 Extended Research Project Part 2	MICR5841 Research Project Part 2	MICR5816 Infectious Diseases Literature Review
		SCIE5515 Global Challenges in Biomedical Science
		PATH5191 Clinical Laboratory Skills
Semester 2 12 points each	Semester 2 6 points each	
MICR5845 Extended Research Project Part 3	MICR5835 Vectors of Infectious Diseases	
	MICR5836 Public and Environmental Health Microbiology	
	MICR5817 Vaccine and Drug Design and Development	
MICR5848 Extended Research Project Part 4	PUBH5761 Epidemiology and Control of Infectious Diseases	

*WAM ≥70% in 42 pts in Year 1 units
